SOUTHEASTRANS CONTRACTS WITH HEALTH SERVICES FOR CHILDREN WITH SPECIAL NEEDS (HSCSN) TO MANAGE NON-EMERGENCY MEDICAL TRANSPORTATION

November 14, 2011, Atlanta, GA – Southeastrans has contracted with Health Services for Children with Special Needs (HSCSN) in Washington, DC to manage their non-emergency medical transportation (NEMT) services. HSCSN is a dedicated Washington, DC Medicaid health plan that coordinates physical, mental, behavioral, and developmental care and services for special needs children and young adults up to age 25. The contract, which began November 1, 2011, will serve approximately 5,000 HSCSN members.

Southeastrans will manage the HSCSN NEMT Program using its new NET InSight trip management software including mobile automated trip tracking and verification technology. All NEMT Providers in the DC Provider network will utilize iPad devices with Southeastrans proprietary mobile technology to provide real-time tracking and validation of all assigned pick-up and drop-offs.

“We are excited to work with HSCSN in managing the transportation needs for these special-needs members. I am grateful that they have entrusted Southeastrans with the responsibility of ensuring that their members have safe and reliable access to healthcare services”, said Steve Adams, president of Southeastrans. Southeastrans has opened a regional office in Washington, DC to administer the transportation services contract, including the development and oversight of a local transportation provider network.

About Southeastrans

Southeastrans, Inc. was founded in 2000 as a transportation management company specializing in efficient and innovative delivery of human transportation services. Southeastrans manages a range of transportation programs including Medicaid non-emergency medical transportation, human service center transportation, and managed-care organization transportation services. The company’s management methodologies have demonstrated tremendous success in reducing program costs, improving transportation service quality, and in building comprehensive and reliable transportation provider networks. Southeastrans currently coordinates 3 million non-emergency medical trips annually under contracts in Georgia, Tennessee, and District of Columbia. For more information, visit southeastrans.com.
